Subject: SSVEC should review all rates, including solar rates, in a rate case.

Dear Utility Division,

All Americans deserve the ability to power their own homes, and get fair credit for the energy they produce. SSVEC has launched an attack on individual choice and property rights by proposing high taxes on homes that produce their own power, and they've launched this attack outside of the proper procedure of a rate case.

SSVEC is trying to ram through a discriminatory solar hearing despite the fact they are planning a rate case in the very near future. Please don't let SSVEC waste customer money and resources. They should review all rates, including solar rates, in a rate case.

Sincerely,

Taylor Finch - Melanie Kuehn - Donald Guillory - Vittorio Tedesco Zammarano - Thomas Ashland - Randy
